The barkentine Amelia, from Honos inio, arrived at Eureka on January 9.

Mark Huusau on the Way. The bark Nauanu salled from New York on January & for Hermitatu.

ORGANIC ACT

Appeal Is Taken in the Fishery Cases.

The fishing cases have been carried to the United States Supreme Court. A writ of error on appeal to Washington has been signed by Justice Galbraith in the case of Samuel M. Damon vs. Territory of Hawaii, and the papers

went forward on the last steamer. The petition for writ of error alleges that the judgment of the Hawalian Supreme Court was against the petiright to maintain fishing rights action in certain waters appurtenant to the ion was by the highest court in the Territory of Hawaii.

As the constitutional question involved, paragraph 4 sets out "That there was drawn in question on the hearing of said cause the construction of a certain act of Congress, namely, an act entitled 'An act to provide a government for the Territory of Hawail," approved April 20, A. D. 1900, being chapter 339, volume 31, Statutes Jap. S. S. America Maru, Going, for at Large, page 141; that said act was construed by said Supreme Court of the Territory of Hawaii in rendering its said judgment in said cause; and that the said judgment was against a Hanamaulu, Ahukini, Eleele, and Ha- title, right, privilege, or immunity spenapepe, at 3 p. m. Br. sp. Clan Macpherson, McDonald, cially set out and claimed by your petitioner under and by virtue of said

It is further alleged that the value of said sea fishing was above the sum of Monday, Jan. 19. \$5,000, and an affidavit to that effect is attached by S. M. Damon. The affidavit of Mr. Damon alleges that the fishing is of the value of \$16,000, and that it was assessed for taxation purposes

Stmr. Lehus, Naopala, for Molokai in the sum of \$12,000.

The writ of error assigns as a reason which is alleged to be erroneous. It is further claimed that an error was made in the holding "that no vested right in a sea fishery as against the Territory of Hawaii could have been acquired by virtue of the laws of the Kingdom of Hawaii."

About seventy-five similar cases depend upon the decision of the United States Supreme Court in the Moana-

use them, iron and gold must first be got out of the ore. The same principle applies to cod liver oil. Its virtues are not in its fatty matters; much less in its sickening taste and smell. No consumptive, or sufferer from any other wasting disease, was ever greatly benefited by the so-called "plain" cod liver oil. The shock it gives to the nerves, the repulsion and disgust it excites in the stomach, the outrages it commits upon the senses of smell and taste, are enough to spoil any medicinal potency that may be in it for the majority of people. This—to say nothing about its being indigestible. Yet there has always been recorded. has always been reason to believe that, among the elements which form cod liver oil, there ex-isted curative properties of the highest value. But it was necessary to separate them from the nauseating waste material with which they were combined. This was successfully accomplished in WAMPOLE'S PREPARATION and in this effective remedy,

the very heart and soul of Pure Cod Liver Oil, combined with the Compound Syrup of Hypophos-phites, Extracts of Malt and Wild Cherry. These constitute a tissue builder, a blood purifier, a health renewer beyond comparison. Disease yields to it with a completeness and rapidity which asten-ishes medical men quite as much as it delights their patients. In all wasting conditions, Scrofula and Blood Disorders, La Grippe, Chronic Bronchitis, Pulmonary Affections, etc., it never fails to relieve and cure. Dr. Louis W. Bishop says: "I take pleasure in saying I have found it a most efficient preparation, embodying all of the medicinal properties of a pure cod liver oil, in a most palatable form." It stands in the front rank in the march of medicine. Effective from the first dose. Sold by all chemists here.
